

## Middle School Questions and Answers

What belongings are kept in lockers during the school day.

How will my student be supported in Year 7?

There are a number of pastoral layers in the NCC Middle School.

Every student in Year 7 will have a "core" teacher for two subjects (either Maths and Science, or English and Humanities) who is able to monitor student progress as they settle into the new school environment. Additionally, within the vertical house structure, each student will be assigned to a mentor teacher and a mentor group. The mentor group will meet regularly and be a forum to nurture and encourage the students as they progress through Middle School.

Where additional support is required, the staff of the Student Wellbeing department are able to meet regularly with students to assist particular needs.

How will my student learn to organise him/herself and manage time in middle school?

There are a number of pastoral layers in the NCC Middle School. Every student in Year 7 will have a "core" teacher for two subjects (either Maths and Science, or English and Humanities) who is able to monitor student progress as they settle into the new school environment. Additionally, within the vertical house structure, each student will be assigned to a mentor teacher and a mentor group. The mentor group will meet regularly and be a forum to nurture and encourage the students as they progress through Middle School. Where additional support is required, the staff of the Student Wellbeing department are able to meet regularly with students to assist particular needs.
